

New Product Release

XRS-RJ45T5 Toyota Pass-through Adaptor

7th December 2020

GME is excited to introduce the latest addition to our XRS-RJ45 pass-through adaptor range to complement our revolutionary XRS™ Connect UHF CB radios.

The current range of XRS-RJ45 pass-through adaptors allows for an XRS™ Connect controller microphone to be integrated directly into a range of blank OEM switch locations, providing a neat and professional finish. New to the range is the XRS-RJ45T5 Toyota pass-through adaptor which has been designed to be integrated directly into the small 22mm x 22mm factory blank switch locations.

Featuring a CAT.6 compliant, fully shielded housing to minimise RF interference and dual lateral supports front and back for an extremely stable connection ensuring trouble-free communication..
